

**Protection and Planning  
Pebble Beach, Cypress, Carmel Highlands Fire Protection Districts  
and CAL FIRE**

PROJECT NAME: \_\_\_\_\_

BUILDING PERMIT #: \_\_\_\_\_ APN#: \_\_\_\_\_

SITE ADDRESS: \_\_\_\_\_

We have been advised that you are installing an emergency generator for your home. To assist us with Fire Department Emergency Operations, please review the required wording from the National Electrical Code Sec. 70-90b. The sign must be permanent with 1/2 inch minimum letters contrasting with the background color. Prior to Fire Department Final for this project, this sign (or approved alternate) must be posted and maintained at one of the following locations:

- Main Exterior Electrical Shut Off
- Meter
- As follows: \_\_\_\_\_

**THIS SERVICE CONNECTION IS FED BY A  
STANDBY EMERGENCY GENERATOR  
LOCATED AT (FILL IN LOCATION OF GENERATOR HERE)**

**Please complete and attach to plans.(Plans shall be submitted electronically or Paper 17x11 inches)**

If not all of this information seems appropriate for the type of project being submitted, consult the Prevention and Planning Office to seek guidance on how much of this information should be on your specific plans.

This guideline is prepared to assist individuals in providing complete information for small and large project plan reviews.

If generator form is not completed in full, the plans will be returned and will delay the process for your project.
